037 314 2902

Ho Chi Minh City

## Tools

Microsoft Word, Figma, Photoshop, HTML, CSS, Tailwind CSS, JavaScript, Python, React, Git

## Experience

**Website Admin for LuLuLun.vn and SamVietnamNippon.vn (on Haravan's platform)**

**MCARE PLUS (MCV Group) • Freelance**

Nov 2023 - Jan 2024

Tools: CSS, Microsoft Word, Photoshop

- Improved user experience by modifying the CSS source code of the provided template to make the website correspond with the design
- Provided website visitors with detailed product descriptions by translating and editing Japanese and English sources
- Reduced Page Load Time to increase Average Visit Duration by editing, compressing, and cropping images using Photoshop

**Designer and Developer for HeNiBeauty.com**

**HeNi Beauty Hair and Nails Salon • Freelance**

Oct 2022 - Dec 2022

Tools: Next.js, Tailwind CSS, Figma

- Created a modern and memorable brand identity for the salon by designing the logo, name card, banner, and price list using Figma
- Enabled the salon to showcase nail photos by developing a website using Next.js and Tailwind CSS

**Intern and Developer in the Advanced Driver Assistance Systems project**

**VinAI (Vingroup) • Full-time**

Mar 2021 - Dec 2021

Tools: C++, SQLite, React

- Implemented the requirement to store data from vehicle sensors by creating the module using SQLite and C++
- Provided stakeholders an intuitive way to view Lidar data by integrating the 3D model of the vehicle into the data visualizer using React
